NEW CHANGING ROOMS

Exciting times ahead as we have now started work on the new changing room complex . We are hoping to have these completed by June 2019 .The newly-built changing room complex will ensure compliance with the latest FA requirements, improve safeguarding of younger players and create a more hospitable environment, incorporating kitchen and toilet facilities, to help the club to continue to grow and accommodate all age groups.w started the building work for the new changing facilities .

SUPPORTING THE CLUB

Having been with the club for over 40 years Roade FC has given me many years of pleasure not just from playing football but meeting some great characters and making some life long friendships.

In all my years i have never known the club to have so many teams , this is a testament to the club and the ambition it shows. We are so lucky to have volunteers that manage and help with the running of the teams through out the club. This is not just the playing teams but the Grounds team and the teams in the background that make this great club tick. If we look at the new changing facilities that have just started to be constructed , I think you will agree that it shows the progression the club is making and with these facilities making us one of the most desirable clubs in the county . Every team is passionate about their team and that is great . So what am i trying to say , without a club we would not have a team , without a team we would not be able to create them long lasting friendships and enjoy your football time . I believe if we bring all the teams passion together we can have a even greater club and generate a fantastic atmosphere throughout . Please lets support the club and be together in events and using the facilities we have .The club put on many events over the year and with your support we can only make the club more successful .

Christmas is a time of year made special by the wonder and excitement of children and what better way to share in that than by our Junior Blues Christmas Party .

We can bring all the Christmas spirit and cheer of the festive season to the whole family for an afternoon with our good friends at Brite lites Disco entertaining the children .

Meeting Santa Claus is one of the most exciting parts of a child's Christmas as we bring along the main man himself to meet the children, get their photos with Santa and maybe if they have been good , will receive an early Christmas gift from him .
